RISE MULTIPLIER EVENT

RISE Engaged Research in Practice

14 September | 14:00 – 15:00

Link al meeting: [RISE MULTIPLIER EVENT - Engaged Research in Practice | Partecipazione alla riunione | Microsoft Teams](#)

Welcome and introduction: RISE, engaged research and the social economy

14:00 – 14:05 (5 min)

Aneta Quraishy and Daniele Tappa

Topics covered

- Welcome and introductory remarks.
- Presentation of the speakers.
- Overview of the RISE project and the objectives of the multiplier event.
- Introduction to data cooperatives as a practical case of engaged research.

Data Cooperatives: A New Paradigm for Democratic Data Governance – Research for the social economy

14:05 – 14:35 (30 min)

Federico Bartolomucci (Triadi)

Topics covered

- Why data cooperatives are needed today: from platform capitalism to democratic data governance.
- What data cooperatives are: cooperative principles, values and distinctive characteristics.
- Data sovereignty, stewardship and the redistribution of value.
- Governance models and member participation.
- The European regulatory framework: GDPR, the Data Governance Act and key legislative developments.
- Business models, implementation challenges and European case studies.
- Opportunities for the cooperative movement and the wider social economy.

From research insights to practical action: lessons from the RISE project: an open discussion on engaged research

14:35 – 15:00 (25 min)

Aneta Quraishy

Topics covered

- Activities implemented and main results achieved by the RISE partnership.
- The RISE training pathway and resources for social economy organisations.
- How RISE connects researchers and non-academic organisations to co-create knowledge and address real-world challenges.
- How engaged research can support emerging areas such as data governance, digital transformation and cooperative innovation.
- Upcoming initiatives and opportunities for stakeholder engagement.
- Open discussion: what research does the social economy need, and how can organisations, researchers and practitioners work together to produce it?
- Invitation to access project resources and participate in future activities.
